Wednesday 20<sup>th</sup> November

### Big Climate Fightback at Newburgh Primary School

Dear Parent(s)/Carer(s),

We would like to invite you to an event on **Saturday 30<sup>th</sup> November** from **9am to 12pm** where you can help us plant 120 trees that have been donated by the Woodland Trust on the grounds of Newburgh Primary. We would like this to be a community event where families take part in this national initiative to combat climate change.

The Woodland Trust have started a campaign called **"We are leading The Big Climate Fightback."**  
*Help us fight for the future of the planet by being one in a million people pledging to support tree planting on 30 November 2019.*

Trees are the ultimate multi-taskers, helping to combat the two environmental emergencies facing our planet: climate change and biodiversity loss. They absorb carbon, fight flooding, reduce pollution, nurture wildlife and make landscapes more resilient. Reducing our carbon emissions will never be enough. It's vital we grow a UK-wide patchwork of trees and woods.

There will be drinks available and all you need to bring is a spade or trowel if you own one. All the trees are quite small saplings and so will only require a slight amount of digging. You can plant one or two trees or stay all morning, the choice is yours. While you are at the event please ensure your children are safely working with you to plant trees as your children's safety will be your responsibility.

We look forward to seeing you.

Yours sincerely

Mrs J. Simpkins  
Headteacher
