## **Reading**

Reading will take place daily at 9.15am. You will have an activity to complete and then enjoy some independent reading. You may be asked to stay online to read with me on different days. Please submit your work for this.

## **Literacy**

Literacy will take place daily at 10am. I will deliver the live teaching lesson to you and then you will go to work independently on the task set. Please submit your work for this.

## **Maths**

Maths will take place daily at 11.15am. I will teach you from slide 2 in the power point so please try to have completed slide 1 before joining online. After the live teaching, you will go to work independently on the task set and the dive deeper. Please submit your work for this.

## **Handwriting**

This is something that you can do independently at home. Make your way through the alphabet ensuring you try the upper and lower case letters. Think of words to start with these letters and write those out using joined cursive handwriting. There will be no resources provided for this and you do not need to submit any work for this.

## **Spelling**

This is something that you can do independently at home. We will upload your spelling list for the half term and resources to help you each week. Please learn the spellings at home and on a Friday get someone to give you a spelling test. On a Monday, use the power point we provide to learn the spelling rule. On a Tuesday, use one of the resources to help learn your spellings. On a Wednesday, complete the word search. On a Thursday, write your spellings into sentences. On a Friday, have a go at a spelling test.

## **PE and PPA cover**

Complete the assignment we set and submit work if required.

## **Science and Topic**

There will be live teaching for this on a Tuesday and a Thursday at 1.30pm. After the live teaching, you will go to work independently on the task set. Please submit your work for this.

## **Story**

There will be a live story to end our day at 2.40pm (except on Wednesday's).
