Dear Parents/Guardians,

It has been lovely to see our children so excited about books and reading this week: dressing up, enjoying a variety of book related activities and sharing reading times with other classes around the school.

Our Lent project continues, with lots of evidence of acts of generosity, including items being donated for the local FoodBank. Next week in my assembly, I will focus on the challenges to show 'Kindness'. 'Red Nose' Day is a very good opportunity to carry out act 24 on the list.

Our children are proving to be very good at these and many are well on the way to earning their certificates.

Mrs Simpkins, Headteacher

MUSIC TUITION

Payment for Summer Term instrument tuition is now available to pay via ParentPay. Payment is due by Monday 29th April as outlined on the annual contracts issued in September.

Please note lessons must be paid for before they commence for the Summer Term.

BOOK WEEK

It was fantastic to see so many children and staff dressed up as their chosen 'Book Day' characters on Monday. We hope to be able to share some photographs shortly on the school website. The children really enjoyed learning about books through various activities which took part during the day.

May we also thank you for supporting our Book Fair which took place before and after school each day. This has enabled us to earn lots of books for school.

Early support in the community

INTERNET SAFETY

We are highlighting popular apps amongst children and young people, along with the associated risks which are present within each platform that parents, carers and trusted adults to be aware of.

TikTok - Online Safety Guide for Parents & Carers - Updated March 2019

TikTok is a global video community where users create, share and discover 'funny and memorable moments' via short video clips - typically about 15 seconds long. Videos can be 'spiced up' with special effect filters, stickers, music and sound clips. Currently one of the world's most popular apps, TikTok was formerly known as Musical.ly, before it was rebranded by the Chinese company that acquired it in November 2017.

GOVERNORS' CORNER - Raman Gurnani, Governor

Last week we celebrated National Apprenticeship Week from 4th to 8th March at work, recognising the achievements of all apprentices in the company, showcasing the abilities of our apprentices.

Do you know what is an Apprenticeship?

Apprenticeships combine practical training in a job with study. It is a genuine job, with training, meaning you can earn while you learn and gain a nationally recognised qualification.

As an apprentice you work alongside experienced staff and gain job-specific skills. They are available to anyone over the age of 16 and can be done from level 2 to level 7.

People perceive Apprenticeships to be lower than academic qualifications but that is so not true. We all know that to meet the skills gap in our country we need to have career focused education.
