

Year 3 – Summer Term 2: The Tempest

Key Driver: Sticky Knowledge

William Shakespeare wrote The Tempest.

Key characters in The Tempest are Prospero, Miranda, Antonio, Caliban, Alonso.

Milan is in Italy.

A **tableau** is when people make still images with their bodies to represent a scene.

Prospero and Miranda are stranded on an island.

Secondary Drivers:

Geography – Recognise life today is different from the past.

Compare buildings from the past and today.

Drama – Know how to use tableau in drama work.

ICT – Coding using purple mash

Art – Explore art during the Tudor times and artistic impressions from The Tempest.

Secondary Drivers:

PE: I can describe how and why my body changes during and after exercise. I can explain why we need to warm-up and cool down.

Music: Experience how to play the ukulele

PSHE: Explore different types of committed relationships

Year 3: Light and Dark Knowledge Mat

Subject Specific Vocabulary		Science skill	Sticky Knowledge about light and dark
reflection	It occurs when a ray of light hits a surface and bounces off.	<p>Scientific skill taught during the Light topic is:</p> <p>Asking relevant questions and using different types of scientific enquiries to answer them.</p> <p>Our big questions is... How do shadows change?</p>	Black and dark objects absorb light whilst shiny, white or light objects reflects it.
shadows	A shadow is formed when an object blocks out the light. The object must be opaque or translucent to make a shadow.		The Moon is not a source of light it reflects the light from the Sun.
light source	The main light source for Earth is the Sun. Some other luminous objects give out light, for example, torches, candles and lamps.		The Sun, fires, torches and lamps are examples of light sources
opaque	Opaque objects do not allow light to pass through them. In most cases creating a shadow.		Shadows are formed when an opaque object blocks a light source.
Interesting Books		Important facts to know by the end of the light and dark topic	
		<ul style="list-style-type: none"> • We need light in order to see things. • Darkness is the absence of light • Light is reflected from surfaces. • Light from the sun can be dangerous and that there are ways to protect their eyes. • Shadows are formed when the light from a light source is blocked by an opaque object. • The size of shadows change. 	Darkness is the absence of light
